NATIONAL MEMORY COUNCIL OF INDIA INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

The Indian National Open Memory Championship - 2017

Why Memory as a sport?

Our ability to remember is being eroded day by day. This is especially significant and dangerous as Memory is at the heart of everything we do - all communication, all creativity, all physical movement and all thinking - indeed at the very heart of our existence.

Hence, there is a need to train and practice memory as a sport, as a hobby so that we remain active throughout our life.

Why Memory Championships?

1. To promote Memory as a new Mind Sport, and in so doing to expand opportunities for mental athletes and Warriors of the Mind in India.
2. To redefine the art and the science of Memory by establishing new norms, benchmarks and records, and to provide certification and ranking for these norms.
3. To reintroduce Memory as a fundamental skill for early childhood education, thereby reinvigorating faith in, and enjoyment of, Memory.
4. To reverse the global misconception that Memory deteriorates with age and demonstrate, by example, that it will continually get better.
5. To demonstrate that Memory is the basis of creativity.
6. To recover, validate and preserve for future generations the mnemonic systems of earlier human cultures and to revive the traditions of oral Memory.
7. To create a global community of like-minded individuals fascinated by exploring the power and potential of Memory and the human mind.
8. It is also designed to shed light on the need for unleashing that extraordinary, largely untapped, and crucial resource for the future benefit of humanity: the Power of the Human Brain.

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

9. To create Memory competitions which are truly global and human. The Indian National Memory Championship competitions are open to all people, regardless of age, race, religion, education, language, creed, gender or physical ability, and which promote the positive human values of understanding, mutual respect, open exchange, co-operation and harmony, leading to a greater probability of world peace.
10. To open up fresh and significant opportunities for mental athletes by providing recognition, employment and financial opportunities.
11. To create a global community and network of like-minded individuals; a community fascinated by the exploration of the power and potential of Memory and the Human Mind.
12. To provide deeper understanding of Memory and to spread this information globally as a resource for the benefit of all those who wish to understand and improve their own performance and Memory skills.
13. To defend the human brain against the dangers of relying on excessive tools and props.

2017 Championship :

Memory is a skill and it can be learnt. Like any other skill that can be mastered, Memory can be improved at any time in life. A critical component of the brain's functioning; memory has always assumed significance in ones' day-to-day life.

Unlike physical sport, the mind sport is totally neglected in India. To spread this mind awareness and to contribute significantly to the intellectual empowerment and to showcase India's brain power to the World, the National Memory Council of India is organising Memory Championships every year. The National Memory Championship is a contest that tests the memory of all participants in various dimensions. Participants who are above 12 years of age are eligible to take part in the Championship. This contest is conducted once in a year, and this year - 2017, the 8th Indian National Open Memory Championship is going to take place on 15th October, 2017, Sunday in Hyderabad (India).

Memory Maestro and Multiple Guinness World Record Holder, Squadron Leader Jayasimha is the President World Memory Sports Council for India. His main aim is to develop India through mentally healthy people. The mental health depends on how much we train and exercise our brains. Hence, exercising our mental muscle from an early age would definitely enhance creativity, memory power and enhance maximum brain usage.

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

National Memory Council of India:

Development from various dimensions is what enables the progress of a society. Building a better future generation is what is needed to reinforce step into a new zone of development. On those lines, Squadron Leader Jayasimha has taken an initiative to form a National Memory Council whose objective is to contribute to the mind development of the younger generation. Already well-established as a trainer, Jayasimha, the multiple Guinness World Record holder, conducts public workshops on creative memory, art of parenting, motivation, leadership and self-improvement. With the National Memory Council, the vision is to reach out to a wider section of the society to create awareness and to communicate the need and significance of mind development.

India is the latest addition to the list of affiliate countries under World Memory Sports Council. And hence the council is young. The council is recognized and licensed by the World Memory Sports Council to now authenticate and publish the National Rankings in the Sport. NMCI is now an independent body governing the mind sport of memory in India. It now regulates competitions throughout India and also provides training to anybody willing to take part in the competition. The body also assumes the responsibility of letting the sport permeate through the system, and to make this a brand vehicle to communicate to the world, the power of an Indian mind.

Squadron Leader Jayasimha's contribution to Indian Memory:

Squadron Leader Jayasimha is the first and only Indian with Maximum Guinness Book of Records in the World.

He has innovated a special Memory Technique, "3 - Dimensional Memory System" by which he had trained more than 2,95,000 students and adults in India and abroad. He is instrumental in organising the Indian National Memory Championships in India every year.

NATIONAL MEMORY COUNCIL OF INDIA INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

The 8th Indian National Open Memory Championship - 2017

The Aim:

The aim of this Championship is to spread the awareness about Memory and to showcase India's Brain power to the world. This will help students / adults learn and practice various memory techniques in their academics and in personal / professional life. This would enhance the all-round development of the country through creative and healthy brains.

Different Events of the Competition: 2017

The Championship would be conducted in ten different events as listed below:

- Random Words
- Binary Numbers
- Names and Faces
- Random Numbers
- Random Cards
- Speed Numbers
- Abstract Images
- Historic / Future Dates
- Spoken Numbers (2 Trials: 100 and 200 Digits)
- Speed Cards (2 Trials)

The Scoring System for the Championship:

There will be scoring for each event. The final Championship winner will be decided on the overall points scored after all the events. The competition will begin on 15 October 2017, Sunday in Hyderabad at 8 am and would culminate with an award ceremony & Dinner night at 9 pm.

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

Who can Participate & How to Register?

8th Indian National Open Memory Championship - 2017 will be held on 15 October 2017 (Sunday) in Hyderabad. The registrations are opened wef 10 July 2017. Registration is on first come - first serve basis. The participation fee for the championship is Rs.5000/-.

The championship is open-to-all Indian and Foreign Nationals to compete. You may visit the OFFICIAL National Memory Council of India website www.nationalmemorycouncilofindia.com and fill in the registration form.

Authorized Training Centres:

Participation without preparation means no value addition. With an estimate that the contest would have two hundred trained participants, the contest would definitely be intense. Every participant is hence suggested to undergo training before taking part in the contest. The training is not only aimed at making a participant fare good in the standings published at the end of the event, but also at holistically improving the way the dynamics of the participant's mind work. The training services are available round the year and make them proficient at different levels. The participants are suggested to keep in contact with our authorized training centres to update their competencies regularly.

Jayasimha Mind Dynamics, an establishment by Squadron Leader Jayasimha is an authorized training centre in Hyderabad. To avail the training services you may contact them on 8498005454 or 9866018989 or visit our website www.jayasimha.in or mail us at visionjay@gmail.com

NATIONAL MEMORY COUNCIL OF INDIA INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

The Highlights of Indian National Open Memory Championship - 2017:

Mr Phil Chambers, the Chief Arbiter, World Memory Sports Council will be present along with Mr David Zhang, the President World Memory Sports Council Asia Pacific Region will there for the Championship.

The Winner of National Memory Championship - 2017 is declared on the basis of maximum points scored by the contestants after the completion of all the ten memorizing events.

The winner will be awarded the title, "Indian National Memory Champion - 2017".

The Winner will also be awarded Rs 1,00,000/- and the First Runner up Rs 50,000/- and the Second Runner up Rs 25,000/- as the prize money.

"Certificate of Participation" in National Memory Championship - 2017 will be awarded to all the contestants.

The contestants would be awarded World Memory Rankings depending on their performance

Since, India and China will both be using the International Open format, the competitors from India and China should first participate in either of these international open competitions.

In other words, an Indian competitor should take either Indian Open or China Open before he registers for World Memory Championship final. Indian and Chinese competitors will be given priority in entering the 2017 WMC, for there will be limited number of entrants this year.

This will be good platform for all the Indian Memory Athletes to practice and prepare for the World Memory Championship 2017 to be held in China in December 2017. All the Indian Memory athletes to note here that without participation in the Indian or Chinese National Memory Championship, you will not be permitted to compete in the World Memory Championships.

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

National Memory Championship - 2017

GENERAL RULES

The rules are a subset of the World Memory Championships General Rules, and are carried out under the auspices of the World Memory Sports Council.

Conduct of each event:

Specific rules for each event and the scoring system are as follows:

Memorisation:

- Contestant must report at the venue by 8 AM for a general briefing session, to become familiar with the venue, rules of the contest.
- Participants must be seated at their respective allotted tables.
- Participants must be ready to begin at least 5 minutes before the start of each event.
- Each participant must be familiar with the rules, as events will not be delayed to explain or discuss how the event is scored.
- Contestants are presented with memorization papers placed face down on their table.
- The adjudicator will announce about the commencement of event and will check that each contestant has a memorisation paper. The organisers of the competition will provide all memorisation papers.
- Once the adjudicator is happy that everyone has a memorisation paper, he will give a one minute and 10 second before starting signal. The official timer will start once the adjudicator says "Neurons at the readyGo!"
- An announcement at various time points will be made as follows:

30, 20 and 15 Minute Events	15 Minutes left 5 Minutes left 1 Minute left
10 Minute Events	5 Minutes left 1 Minute left
5 Minute Events	1 Minute left
Spoken Number Event	No announcement is made during the running of the Spoken Number Event

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

- Contestants may bring their own clocks to monitor the time during each event. Beepers/buzzers etc. must be switched off during each event.
- Mobile phones must also be switched off.
- The contestants are required to bring their own pens / pencils, erasers, sharpeners, water bottles, if need be.
- As total silence during competition cannot be guaranteed, contestants may bring ear plugs, headphones and other noise reducing devices.
- Contestants may leave their tables to use the washroom at any time during memorisation. They must leave/return to the room quietly without disturbing any contestants.
- Each contestant must maintain silence during each event.
- When the time allotted for memorisation is over, the adjudicator will announce "Stop memorising, turn your papers over". At that point all contestants must stop memorising and turn all memorisation papers, together with any paper used to make notes during the event, face down on the table in front of them. The adjudicator will then clear the desk of all papers and will provide blank recall sheets.

Recall:

- Once the adjudicator provides the recall sheets to the contestant, they must ensure that their names / Registration Numbers are clearly marked on every recall sheet.
- Once the adjudicator is happy that everyone has a recall paper, he will start the recall period by saying "You may begin recall". At that point, the official timer will be started.
- Contestants may hand recall sheets to the adjudicator and quietly leave their table at any time during the recall period.
- Once a contestant has left the table during the recall period, that contestant will not be permitted to return to continue and if they have not already done so, must submit their papers to the adjudicator.
- It is the responsibility of each contestant to ensure that their recall papers are clear and that potential misunderstandings are clarified by writing notes to explain the meaning of an answer or by pointing it out to the adjudicator when the paper is collected.
- No other changes to the recall paper will be allowed once it has been handed to the adjudicator.
- The adjudicator's decision is final; however, if there is any doubt about the meaning of a contestant's answer, the contestant will be asked to do the following:

NATIONAL MEMORY COUNCIL OF INDIA INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

Event	Action
Number Events (Spoken and Binary Numbers)	State the number on which the clarification is required, having been given the row number that it appeared on (Eg, row 22) and the position of the digit in the row (Eg, 28th digit). If it is the spoken number event, the contestant will be asked to clarify the number by being given its position in the sequence of numbers.
Random Words	Rewrite the word having been given its number from the memorization sheet (Eg, Word 37).
Names and Faces	Shown the picture of the face and asked to write down the part of the name that needs clarifying.

Titles:

The overall India winner of the Memory Championship will be entitled to call himself / herself as "THE INDIAN NATIONAL MEMORY CHAMPION - 2017" (of the current competition year) regardless of the age category in which they have competed.

Prizes:

1. The Winner of National Memory Championship - 2017 is declared on the basis of maximum points scored by the contestants after the completion of all the ten memorizing events.
2. The National Memory Championship Trophy 2017, 1st Runner up Trophy, 2nd Runner Up Trophy will be awarded. The winner will be awarded a prize money of Rs 1,00,000/-, the First Runner up Rs 50,000/-, and the Second Runner Up Rs 25,000/- prize money.
3. Medals will be awarded to the contestants who stand 4th to 10th in the Points list.
4. Medals also will be awarded to all the toppers who score highest points in each of the ten memorizing events.
5. Certificate of Participation in National Memory Championship - 2009 will be awarded to all the contestants.

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

National Memory Championship - 2017

EVENT RULES - National Competition (10 Disciplines)

Event 1	Memorising Random Words
Aim	To commit to memory and recall as many random words as possible.
Time to Memorise	5 Minutes
Time to Recall	10 Minutes
Question Paper	<ol style="list-style-type: none"> 1. A list of nouns organised in columns of 20 with 5 columns to a page. 2. Two Pages of words (maximum of 200) are provided. 3. Contestants must start at the first word of column 1 and remember as many of the words as possible.
Answer Paper	<ol style="list-style-type: none"> 1. Contestants must write down the list of words on the paper provided. 2. Contestants may use blank paper if they wish but each word must be clearly numbered and the start and finish of each column of words easily identifiable.
Scoring	<ol style="list-style-type: none"> 1. A point is awarded for every word in a complete column where all 20 words are correctly spelt. 2. One mistake (including any gaps) in a column of 20 words gives a score of 10 for that column (20/2). 3. Two or more mistakes (including any gaps) in a column of 20 words scores 0 for that column. 4. For the final column only - If the final column is partially complete, a point is awarded for each word if everyone is correctly spelt.
	<ul style="list-style-type: none"> • If the final column is partially complete, one mistake (including any gaps) in the partial column means the points awarded will equal half the number of words recalled. (For an odd number of words the fraction is rounded up Eg, for 19 words and one mistake, the score would be 19/2 rounded up equals 10). Two or more mistakes (including any gaps) will score 0 for the column.

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

	<ul style="list-style-type: none"> If a word/expression has been clearly memorised, i.e. the main structure clearly resembles the word to be memorised, but has been spelled in an incorrect way, no points are given for this word. It will not, however, cancel other words in a Column. For example, if somebody writes 'rythm' instead of 'rhythm', no points will be given for this word, and, if all other words in the column are correct, full marks minus one will be given for that column (Eg, 19). <p>This rule has been introduced to limit the complications that may arise from spelling ambiguities, autographical mistakes in translations, dyslexia, and handicaps for foreigners etc.</p>
Event 2	Memorising Binary Numbers
Aim	To commit to memory as many Binary digits (101101 etc) as possible and recall them perfectly.
Time to Memorise	5 Minutes
Time to Recall	10 Minutes
Question Paper	1. Computer generated numbers are presented in rows of 30 digits with 25 rows per page. (600 digits maximum)
Answer Paper	<ol style="list-style-type: none"> Contestants must write their recalled numbers in rows of 30 digits. Contestants may use the answer sheets provided or their own (as long as it has been cleared by the adjudicator before recall commences). It must be clear how the rows presented on the answer paper relate to the rows on the question paper (missing rows must be clearly indicated).
Scoring	<ol style="list-style-type: none"> 30 points are awarded for every complete row that is correctly recalled in order. For every complete row of 30 that has a single mistake in it (this includes a missing digit), 15 points are awarded. For every complete row of 30 that has two or more mistakes (including missing digits) 0 points are awarded for that row.

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

	<ol style="list-style-type: none"> 4. For the last row only - If the last row is incomplete (Eg, only the first 19 numbers have been written down) and all of the digits are correct, then the points awarded will equal the number of digits recalled (19 in this example). 5. If the last row is incomplete and there is a single mistake (this includes a missing digit) then the points awarded will equal half the number of digits recalled. (For an odd number of digits the fraction is rounded up, Eg, 19 the score would be $19/2$ rounded up equals 10) 6. The winner of the event is the contestant with the highest score.
Event 3	Memorising Names and Faces
Aim	To commit to memory and recall as many names as possible and link them to the right face.
Time to Memorise	5 Minutes
Time to Recall	10 Minutes
Question Paper	<ol style="list-style-type: none"> 1. 50 colour photographs of different people (head and shoulder shots) with a first name and second name written underneath each picture. 2. Pictures are provided 9 to a page in 3 rows of 3 photographs on 4 sheets of A4 paper and 5 images on the 5th page.
Answer Paper	<ol style="list-style-type: none"> 1. Contestants will be given the 50 colour photographs again (9 to a page in 3 rows of 3) but without the names and in a different order to that on the question paper. 2. Contestants must clearly write down the correct name (first name and/or second name) under each photograph.
Scoring	<ol style="list-style-type: none"> 1. A point is awarded for every correctly spelt first name. 2. A point is awarded for every correctly spelt second name. 3. Half a point is awarded for every first name that is phonetically correct but incorrectly spelt (Eg, Clare instead of Claire). 4. Half a point is awarded for every second name that is phonetically correct but incorrectly spelt (Eg, Smyth instead of Smith).

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

	<ol style="list-style-type: none"> 5. Points are still awarded if only the first name or the surname can be recalled. 6. The contestant with the highest score wins.
Event 4	Memorising Random Numbers
Aim	To commit to memory as many random digits (1,3,5,8,2,5, etc) as possible and recall them perfectly.
Time to Memorise	5 Minutes
Time to Recall	10 Minutes
Question Paper	<ol style="list-style-type: none"> 1. Computer generated numbers are presented in rows of 20 digits with 10 rows on the page. 2. 200 digits (1 sheet) are presented.
Answer Paper	<ol style="list-style-type: none"> 1. Contestants must write their recalled numbers in rows of 20 digits. 2. Contestants may use the answer sheets provided or their own (as long as it has been cleared by the adjudicator before recall commences). 3. It must be clear how the rows presented on the answer paper relate to the rows on the question paper (missing rows must be clearly indicated).
Scoring	<ol style="list-style-type: none"> 1. 20 points are awarded for every complete row that is correctly recalled in order. 2. For every complete row of 20 that has a single mistake in it (this includes a missing digit), 10 points are awarded for that row. 3. For every complete row of 20 that has two or more mistakes (including missing digits) 0 points are awarded for that row. 4. For the last row only. If the last row is incomplete (Eg. only the first 9 numbers have been written down) and all of the digits are correct, then the points awarded will equal the number of digits recalled (9 in this example). 5. If the last row is incomplete and there is a single mistake (this includes a missing digit) then the points awarded will equal half the number of digits recalled. (For an odd number of digits the fraction is rounded up. Eg, 9 the score would be $9/2$ rounded up equals 5).

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

	<ol style="list-style-type: none"> 6. For two or more mistakes in the last row (including missing digits) 0 points are awarded for that row. 7. The winner of the event is the contestant with the highest score (the best score from the two attempts is put forward).
Event 5	Random Cards
Aim	To commit to memory and recall the sequence of 52 playing cards of one deck.
Time to Memorise	10 Minutes
Time to Recall	30 Minutes
Question Paper	<ol style="list-style-type: none"> 1. A list of images shuffled pack (deck) of 52 playing cards on a paper will be given. 2. Contestants must not begin recalling their pack until either the adjudicator has announced that the 10 minute period is complete or all of the contestants have finished memorising within the 10 minute limit. 3. The cards images can be looked at repeatedly and more than one card can be looked at simultaneously. 4. After the memorising phase each contestant gets a an answer sheet with serial numbers. The contestant has to write the number and image of the card as per the serial order. (For example - Spades 5, Clubs 2 etc., 5. Contestants should submit the memorised answer sheet to the adjudicator after the allocation of time.
Answer Paper	<ol style="list-style-type: none"> 1. After the recall phase, the question and answer papers will be put beside each other on the table, then the answers are compared. 2. The arbiter will compare each card from the memorised paper with each answer of the recall pack. At the first discrepancy between the two sheets, only the cards up to this point will be counted. 3. The contestant, who memorises all 52 cards in the correct sequence, wins the event.

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

Discipline 6. Speed Numbers

Aim

To commit to memory as many random digits (1, 3, 5, 8, 2, 5, etc.) as quickly as possible, in complete rows of 40 digits, and recall them perfectly.

Note: there is a break after the recall phase of Trial 1 to allow for scoring of the first attempt. Competitors are advised of their results before attempting the second trial.

Time	National (Speed)
To memorise	5 minutes
To recall	15 minutes
Trials	1*h

* Example :-

7 3 6 7 0 0 2 3 9 7 2 1 7 2 6 6 5 1 6 2 3 2 5 5 9 7 3 4 4 3 1 4 4 7 7 7 2 8 5 3	Row 9

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

Memorisation

1. Computer-generated numbers are presented in rows of 40 digits with up to 25 rows per page.

Recall

1. Competitors should use the Recall Papers provided.
2. If a competitor wishes to use his/her own Recall Papers, these must be approved by the adjudicator before the competition. Competitors must write their recalled numbers in rows of 40 digits.
3. It must be clear how the rows presented on the Recall Paper relate to the rows on the Memorising Paper (missing rows must be clearly indicated).

Scoring

1. 40 points are awarded for every complete row that is correctly recalled in order.
2. For every complete row of 40 that has a single mistake in it (this includes a missing digit), 20 points are awarded for that row.
3. For every complete row of 40 that has two or more mistakes (including missing digits), 0 points are awarded for that row.
4. There is no penalty for missing rows.
5. For the last row only. If the last row is incomplete (e.g. only the first 29 numbers have been written down) and all of the digits are correct, then the points awarded will equal the number of digits recalled (29 in this example).
6. If the last row is incomplete and there is a single mistake (this includes a missing digit), then the points awarded will equal half the number of digits recalled.
7. For an odd number of digits, the fraction is rounded up e.g. if 29 and there is one mistake, the score is divided by 2, $29/2 = 14.5$ and rounded up to 15.
8. For two or more mistakes in the last row (including missing digits), 0 points are awarded for that row.
9. The winner of the discipline is the competitor with the highest score (the best score from the two attempts is put forward).

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

10. In the case of tied winning scores, the winner will be the competitor who has a better second trial. If the competitors are also equal in this second trial the adjudicator will look at the extra lines of the best trial of each competitor (The lines the competitor tried to recall but for which he/she got 0 points). For every correctly positioned number, 1 decision point will be given. The competitor with the most decision points is the winner.

	Row 14

Sample Recall Sheet. Extra rows are provided in case competitors make errors and wish to rewrite a row of digits.

Event 7	Abstract Images *
Aim	To commit to memory and recall abstract images
Time to Memorise	10 Minutes
Time to Recall	15 Minutes
Question Paper	<ol style="list-style-type: none"> 1. Computer generated images are presented in rows of 5 images with 10 rows on the page. 2. 150 images (5 sheets) are presented. 3. Sheets are printed not photocopied to ensure integrity of shading. 4. IMPORTANT - No covering, writing or measuring devices (pens, rulers, paper etc) may be on desks or used during memorization.

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

Answer Paper	<ol style="list-style-type: none"> 1. Contestants will be given a sheet in the same format as the memorisation sheet with the 5 images in a different order per row. (Note images within a row are mixed but rows remain in the same order). 2. Under each image is a box in which the contestants inserts the number position in the original sequence. (Reading left to right) 3. Contestants do not have to attempt all the rows and can do so in any order. (i.e. rows are marked individually).
Scoring	<ol style="list-style-type: none"> 1. 5 points awarded per correct row. 2. 1 point deducted if there is one or more errors of omissions in a row. (N.B. this is minus 1 per row with errors, not per error) 3. Partially completed rows will count as mistakes. 4. The winner of the event is the contestant with the highest number of points.
Event 8	Historic / Future Dates
Aim	To commit to memory and recall as many fictional numerical historic/future dates as possible and link them to the right historic event.
Time to Memorise	5 Minutes
Time to Recall	10 Minutes
Question Paper	<ol style="list-style-type: none"> 1. 100 different historic dates with 40 dates on a page will be given. 2. The historic dates lie between the years 1000 and 2099. 3. All historic dates are fictitious or general (e.g. Peace Treaty signed). 4. The length of the event text is between 1 and 5 words. 5. Statistically the whole range of years will be used and no year (and no event) will be presented twice. 6. The 4 digit numbers of the historic years are on the left side of the event and the events are written down under each other.
Answer Paper	<ol style="list-style-type: none"> 1. Contestants will be given 2 sheets of paper with 55 historic event texts written on each. 2. The historic event texts are in a different order from that of the memorising phase. 3. Contestants must now write down the correct year in front of the event texts.

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

Scoring	<ol style="list-style-type: none"> 1. A point is awarded for every correctly assigned year. All 4 digits of the year written down must be correct. 2. No point is given for a correct year which was not assigned to the corresponding event. 3. A half a point is deducted for every incorrect year assigned. 4. Only one year can be written down in front of the event. 5. The points are added up (max. 110 points) and the contestant with the highest score wins.
Event 9	Spoken Numbers
Aim	To commit to memory and recall as many Spoken Numbers as possible.
Time to Memorise	100 Seconds
Time to Recall	5 Minutes
Question Paper	<ol style="list-style-type: none"> 1. A recording is played that has a clear voice reading out decimal digits in English (1,5,4,8 etc) or the Adjudicator will read out the decimal digits in a clear voice. 2. 1 - 100 digits are spoken at a rate of one digit per second. 3. No writing is allowed during the playing of the recording. 4. When a contestant has reached their limit that they can memorise, they must stay in their seats, be quiet and sit still for the remainder of the time. 5. If for some reason the attempt has to be paused due to an external distraction, the attempt will be continued from 5 numbers before the interruption.
Answer Paper	<ol style="list-style-type: none"> 1. Contestants must write their recalled numbers in consecutive order from the start of the spoken sequence. 2. Contestants may use blank paper, the answer sheets provided or their own (as long as it has been cleared by the adjudicator before recall commences).
Scoring	<ol style="list-style-type: none"> 1. One point is awarded for every correct consecutive digit that the contestant writes down from the first digit of the spoken sequence. 2. As soon as the contestant makes their first mistake, that is where the marking stops.

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

3. For example if a contestant recalls 97 digits but makes a mistake at the 43rd digit then the score will be 42. If a contestant recalled 99 digits but made a mistake on the first digit the score would be 0.
4. The winner of the event is the contestant with the highest score.

Discipline 10. Speed Cards

Aim

To commit to memory and recall a single pack (deck) of 52 playing cards in the shortest possible time.

There are two attempts at this discipline with a 'fresh' deck provided at each trial.

Time	National (Speed)
To memorise	5 minutes
To recall	5 minutes

Memorisation

1. A freshly shuffled pack (deck) of 52 playing cards. The competitor must provide his/her own cards; these must be shuffled by the adjudicator before the competition.
2. Competitors who expect to memorise the complete pack (deck) of cards in less than 5 minutes:
 - a. Must inform the adjudicator so that a timekeeper with a stopwatch (capable of measuring 1/100 of a second) can be assigned and
 - b. Must agree with their invigilator an appropriate signal that indicates they have finished memorising.
 - c. Alternatively, a Speed Stacks timer may be used under supervision of an Arbiter/invigilator.
 - d. All mobile phones, iPads or similar mobile devices are banned from the competition room during this discipline.

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

3. Competitors may start memorisation at any point during 5 minute memorisation period.
4. The cards can be looked at repeatedly and more than one card can be looked at simultaneously.
5. The deck of cards must be in clear sight at all times - wrists must be kept at desk level wherever possible.
6. Competitors must not begin recalling their pack until the adjudicator has announced that the 5 minute recall period has commenced.

Recall

1. After the memorising phase, each competitor gets a second pack of cards which is in perfect order (i.e. 2 Hearts, 3 Hearts, 4 Hearts, etc. and 0 Earth, 1 Earth, 2 Earth for Arabian Memory Cards). The competitor has to order this second deck of cards in the same sequence as the pack just memorised.
2. The packs will be clearly identified as the first or second (recall) pack.
3. After the recall phase, both decks will be put beside each other on the table, the top card being the first one memorised.

Scoring

1. The Arbiter will compare each card from the memorised pack with each card of the recall pack. At the first discrepancy between the two packs, only the cards up to this point will be counted.
2. The competitor who correctly memorises all 52 cards in the quickest time wins the discipline.
3. If a competitor recalls less than 52 cards, the memorisation time will be taken as 300 seconds and they will receive a score of $c/52$ points where c is the number of cards correctly recalled.
4. Scores will be calculated using the following formula for a complete deck of cards correctly memorised:

$$11180/(\text{time to the power of } 0.75)$$

This gives 1000 points for a deck recalled in 25 seconds.

5. The best score from the two attempts counts.
6. In the case of tied winning scores, the best score of the other trial will decide the winner.

NATIONAL MEMORY COUNCIL OF INDIA

INDIAN NATIONAL OPEN MEMORY CHAMPIONSHIP-2017

Age Categories

There are four age categories for competitors in a Memory Championship:

- Kids - must be 12 years or under in the calendar year of the competition.
- Junior - must be between 13 and 17 years old in the calendar year of the competition.
- Adult - for those between the ages of 18 and 59 in the calendar year of the competition.
- Senior - for those 60 years and over in the calendar year of the competition.

Junior and kid competitors may elect to compete in an adult competition if they desire. Their results will be listed separately from the adult competition.
